

## Scorekeeper

Each sparring ring shall have one (1) scorekeeper.

Score keepers must be age 10 or older and must be “Battle of the Champions” score and timekeeping certified.

He/She shall call up competitors and inform who is to be on deck (next).

He/She will keep track of who takes 1st thru 4th places in each division.

He/She will on the direction of the Center Refer flip a score card to award or deduct points.

The scorekeeper will inform the Center Referee when a fighter gets to either three (3) points for under Brown Belt, five (5) points for Brown Belt, or a five (5) point spread for Black Belts.

If a division has all ranks combined, the division will be ran in accordance with the point requirements of the highest ranking competitor.

It is the scorekeeper duty to listen closely to the Center Referee and keep score as the Referee commands.

Any discrepancy or confusion of the score rests in the hands of the Center Referee, not the scorekeeper.

The Center Referee will make all final score decisions unless a formal protest has been filed at which time the Rules Arbitrator will have final say.

Any changes or updates to the elimination form at any time must be made **ONLY** by the Head Division Sign-Up personnel.
