

Round Robin

If a division has only three (3) competitors the winner will be determined by running a Round Robin.

The highest seeded competitor will have 3rd position. If there are no seeded competitors then the order of play will be determined by the luck of the draw.

There will be three (3) matches. Competitor 1 will fight Competitor 2
Competitor 1 will fight Competitor 3
Competitor 2 will fight Competitor 3

There will be a one (1) minute optional rest period between matches.

The winner of the Round Robin will be determined by the following Rules of Play:

1st Rule of Play:

1st Place: Competitor winning 2 out of 2 matches

2nd Place: Competitor winning 1 out of 2 matches

3rd Place: Competitor winning 0 out of 2 matches

2nd Rule of Play:

If a winner has not been determined by the 1st Rule of Play, the two competitors with the highest total score will compete for 1st and 2nd places with the lowest scoring competitor taking 3rd place.

3rd Rule of Play:

If the 2nd Rule of Play does not develop a match up for 1st and 2nd places due to a tie with the lowest total score, the competitor with the highest total score will be declared the 1st place winner. The competitors with the lowest score will compete for 2nd and 3rd places.

4th Rule of Play:

If all competitors win 1 out of 2 matches and all have the same total score, the division is a redo and will be ran over in its entirety.
