

Filing a Protest

A competitor or his/her instructor (if the competitor is a minor or an adult white belt) may file a formal protest by informing the Center Referee that he/she wishes to protest the ruling.

At which time the Center Referee will stop time and address the protest.

If the decision made by the Center Referee still does not solve the protest then the contestant may ask for a ruling by the Rules Arbitrator.

All protests and decisions of protests must be made before the beginning of the next play or the contestant forfeits all rights of protest for the ruling in question.
