

## **Judge Removal**

A contestant can request and have one (1) judge (including the Center Referee) removed from his/her division if the protest is made before the division has started.

Requests for removal of more than one (1) judging official will be denied.

If an official is changed after the division has started, competitors may make a request to have the entering official replaced. The request for replacement must be made before the division restarts its competition.

Only the competitor may request to have a Judge removed.
