

## Scorekeeper

Each forms ring shall have one (1) scorekeeper. Score keepers must be age 10 or older.

He/She shall call up competitor and inform which competitor is on deck.

He/She will write down the competition scores from each judge.

If there are a total of three (3) Judges, the scorekeeper will add the scores of all the Judges to attain a final total score.

If there are a total of five (5) Judges, the scorekeeper will eliminate the high and low score and add the remaining scores to attain a final total score.

When two or more contestants are tied for 1st, 2nd or 3rd places, the scorekeeper will add back the dropped high and low scores and re-total all five (5) Judges scores to see if the ties will be broken and a winner decided.

He/She will keep track of who takes 1<sup>st</sup> thru 4<sup>th</sup> places in each division.

The scorekeeper should check his/her addition a second time to assure fewer errors.

Any changes or updates to the elimination form at any time must be made ONLY by the Head Division personnel.

The scorekeeper shall be allowed to do the jobs of both score and timekeeper.
