

Awards

Teams compete for a 1st, 2nd or 3rd place trophy.

Only one (1) team trophy is awarded for 1st, 2nd or 3rd places.

Our philosophy is that we need to recognize and act on the values and benefits of team efforts as opposed to our individual efforts.

With a greater understanding of this reality comes the realization that we should strive to seek and to acknowledge those of team immediate and those of the team past which will ultimately lead to our greater future. To this end, we hope to truly come to understand the true meaning of a team event and an individual event.

The team members after receiving their award should meet as a team to determine who they would like to award their trophy to: the MVP of their team or award it to the team member who may have joined their team from another school or maybe award it to their instructor as a sign of appreciation for their past training.
